## WHY SANY MEDIUM EXCAVATORS?

# POWERFUL. PRODUCTIVE. RELIABLE.

SANY's medium excavators are outstanding performers on a jobsite as they keep your crews running at peak performance. With long, heavy-duty, robotically welded undercarriages, powerful and robust powertrains, and low cycle times, these beasts rule the jobsite. Operators appreciate the level of comfort, high visibility and control at their fingertips. Like all SANY excavators, they come loaded with all the standard features you need and are backed by the industry's strongest standard warranty. That's 5 years or 5,000 hours of proven reliability.

# DESIGNED TO **DOMINATE** THE JOBSITE

Longer, stronger and built in Peachtree City, Georgia, SANY's line of medium excavators are an engineered balance of hydraulic power, size, and speed that makes them highly efficient and productive machines.

SANY's durability and reliability is legendary. Our heavy-duty excavators run for longer periods of time without the need for maintenance. That's design validation at the highest level working to increase the overall longevity of your machine. And all SANY excavators are built with top-shelf, quality components from the brands you trust.

**WE'VE GOT  
YOUR  
BACK**

To provide peace of mind and ensure maximum uptime, SANY backs all its equipment with robust standard warranties. That's our commitment to keeping your fleet running at peak performance. Our network of local dealers will partner with you for routine maintenance and be there for warranty repairs. You can trust SANY to keep you moving, year-round.

**INDUSTRY'S  
STRONGEST  
STANDARD  
WARRANTY** | **5-YEAR  
5,000 HOURS**

## PRODUCTIVITY

Greater swing torque and speed along with powerful breakout forces allow these machines to move more earth faster.

## COMFORT

The roomy, temperature-controlled cabs with heated, air-ride seats and intuitive controls are designed to keep operators comfortable, alert and engaged.

## POWER

Cummins engines, robust and reliable powertrains, and trusted hydraulic components round up the power trifecta.

## CONTROL

The simple and effective hydraulic-over-hydraulic control system promotes an improved feedback loop to the operator for higher precision and increased performance.

## STRENGTH

SANY's heavy-duty, long undercarriages give our medium excavators greater rigidity, and our high-quality steel upper structures have frame guards for added protection.

## INDUSTRY-LEADING WARRANTIES

To provide peace of mind and ensure maximum uptime, SANY's medium excavators are backed by a 5-year/5,000-hour industry-leading standard warranty.

## SUPPORT

SANY offers outstanding aftermarket support. Our network of local dealers will partner with you for routine maintenance and will be there for warranty repairs.

# THE SMOOTH, PRECISE CONTROL COMES STANDARD

SANY medium excavators have intelligent pilot controls that provide smooth, consistent operation with machine feedback. This feedback gives operators a tactile engagement with the soil or substrate being moved, allowing for more precise and efficient movements and faster cycle time.

## WELCOME TO THE COMFORT ZONE

With one of the roomiest cabs in the industry, operators find they have room to move. And moving is easy thanks to SANY's well-designed cab layout. Every control an operator needs is right there in front of them. Ergonomic joysticks and easy-to-reach pedals make smooth operation a breeze. From their temperature-controlled cab and elevated, air-ride seat, operators can maintain comfort, high visibility and productivity throughout the work day. And any issues they encounter can be easily diagnosed from the monitor.

Nothing is over-engineered or complicated, either. Every SANY excavator is simple to operate. Part of lowering the learning curve is increased familiarity, so operators have the ability to change the pattern of operation to suit their needs.

## POWER AND VERSATILITY

Pre-plumbed auxiliary lines for one-way and two-way flow run a wide variety of attachments, from buckets to breakers as well as thumbs and quick couplers. When equipped with these quick couplers, operators can easily reduce the time it takes to change work tools, enhancing workflow and flexibility in the field.

## SAFETY

Driving alarms alert workers before excavator movement, and a reverse camera comes standard. Bright LED lights on the exterior of the excavator provide visibility in low-light conditions. A ground-accessible emergency cutoff switch completely shuts down the machine in case of emergency.

## MEDIUM EXCAVATORS

# SERVICE, VALUE & SIMPLE OPERATION

### EASE OF SERVICE

When we say that SANY machines are built to endure, we're really talking about service. SANY equipment is intentionally designed to be easily and efficiently serviced, with features such as wide compartment doors and ground-level access to make maintenance more efficient. Ease of service means back in service.

### GREAT OPTIONS FOR ADDED MACHINE PRECISION AND CONTROL

Enhancing SANY's industry-leading equipment with Leica Geosystems' cutting-edge but easy-to-use machine control technology enables greater precision for excavating and allows machine operators at various skill levels to increase their productivity while lessening the intensity of tasks. This helps keep workers safe and results in less wear and tear on machines. SANY dealers across the nation can offer you a variety of Leica Geosystems machine control solutions through leasing and purchasing agreements, with installation and support by certified Leica Geosystems dealers.

### LOW-COST FINANCING

With SANY Capital, you can take advantage of a network of lenders offering different types of financing programs to meet your requirements when purchasing SANY equipment. It's a more flexible way to get heavy equipment for your business with customized financing solutions. So, go ahead, pick out the SANY equipment you need to tackle your next big project. And rest easy knowing that SANY Capital is standing by to make sure your financing process is always fast, simple, and convenient. SANY Capital and its lender partners stand behind you with 100% financing options covering your entire equipment purchase, including attachments, delivery, and taxes.

The SANY logo consists of the word "SANY" in a bold, white, sans-serif font, centered within a red rectangular background.
